# Bidut Sharkar Shemanto

Co-founder at Bigganpur Technologies || Data Science || Machine  
Learning || IoT & Electronics Hobbyist  
Khulna, Bangladesh

## Summary

### Summary

Data Enthusiast || Entrepreneur || Electronics Hobbyist  
Co-founder of www.bigganpur.com  
Email: shemantosharkarofficial@gmail.com  
WhatsApp: +880 1521721778

Hello, I'm Bidut Sharkar Shemanto, and I'm on a data-driven journey.  
As a data enthusiast, I'm all about unlocking insights and creating  
value through data. Here's a snapshot of what I bring to the table:

Data analysis and wrangling skills with Excel, SQL, and Python.  
Data visualization and storytelling using Power BI.  
Proficiency in cloud computing with Microsoft Azure.

I've recently completed a 4-month online data science course and  
I'm actively diving into machine learning and deep learning through  
courses and books. My future plan? Pursuing higher studies in Data  
Science.

Beyond data, I'm also an electronics hobbyist and IoT enthusiast.  
I love building cool electronic projects and have successfully run  
Bigganpur.com, my electronics venture. Automated the business,  
optimized processes, achieved profitability, and successfully sold  
products worth 3 lakh+ exclusively within KUET.

In addition to my technical proficiency in the field of data, I have  
learned a diverse set of skills through practical experiences in clubs,  
competitions, and my entrepreneurial journey. I assess my skills as  
follows:

#Web Designing & Development: WordPress website development  
and SEO #9/10

#Presentation: Microsoft PowerPoint, Excel, Canva #8.5/10

#Social Media Management: Meta Marketing, including page management and creating engaging posts #7/10

#Graphics Designing (My Portfolio: <https://www.behance.net/shemanto27>) : Adobe Illustrator, Canva, Figma #7.5/10

#Video Editing: Filmora, CapCut, Canva #5/10

In my free time, I am exploring the field of Product Management out of sheer curiosity.

If you share my passion for data or business development, let's connect! I'm always up for friendly discussions and collaborations.

---

## Experience

Bigganpur Technologies Ltd.

Co-Founder

April 2022 - Present (2 years 4 months)

Bangladesh

Bigganpur.com: Empowering Electronics Enthusiasts in Bangladesh

Bigganpur.com is your one-stop destination for all things electronics, robotics, and IoT components.

What We Offer:

Electronics: We provide a wide range of electronic components, from resistors to microcontrollers, to support your projects and experiments.

Robotics: For enthusiasts and engineers looking to dive into the world of robotics, we offer an array of robotics kits and components to help bring your creations to life.

IoT (Internet of Things): Stay at the forefront of IoT with our collection of IoT components and sensors, enabling you to build smart and connected devices.

Where to Find Us:

Visit our page at [www.facebook.com/bigganpur](https://www.facebook.com/bigganpur) for updates and exclusive deals.

Serving the KUET Community:

We've proudly partnered with the KUET community by establishing a presence in the KUET campus, making it easy for students to access our products and place orders. Our mission is to support the academic and innovative pursuits of the bright minds at KUET.

Greater Mymensingh Association, KUET  
General Secretary  
January 2024 - Present (7 months)

KUET Business and Entrepreneurship Club  
1 year 7 months

Senior Executive: Public Relations(PR)  
March 2023 - September 2023 (7 months)

Junior Executive: Graphics and Content Team  
March 2022 - April 2023 (1 year 2 months)  
Khulna, Bangladesh

Successfully organized KBEC PRESENTS: CASE CRACK WORKSHOP 2022 as a junior executive. I was part of the P&D squad, designing team for the event

KRIoTIC(KUET Robotics and IoT Innovation Club)  
General Member  
May 2022 - March 2023 (11 months)

HULT PRIZE at KUET  
Organizing Member  
September 2022 - February 2023 (6 months)

TEDx KUET  
Organizing Member of TEDx KUET  
July 2022 - November 2022 (5 months)

TEDx is an idea-sharing event where people are invited to share their innovative ideas, inventions, and thoughts. It is a global event that has been taking place in different countries around the globe and our country as well. But for the first time ever, KUET is going to hold this prestigious event.

I worked in the graphics team and content writing team for social media posts. Before the main event, we organized a free offline campus game

event: TEDxU, which was unique to other TEDx events organized by other campuses. I worked with the planning team
